

Rupert's Land Institute is the choice for Métis Education

Rupert's Land Centre for Teaching & Learning (RCTL) holds the mandate for K-12 Métis Education in Alberta. We are proud to offer engaging, interactive, school-based Professional Learning Opportunities to all Alberta school districts.

RCTL develops:

Strong Foundational Knowledge Resources

Engaging Lesson Plans

Meaningful Professional Development

Authentic Classroom Learning Tools

RCTL Professional Development is:

No-Cost

Designed by Métis educators

Presented by Métis educators

Supported by Community

Métis History & Identity (More than Mixed)

Educators require accurate foundational knowledge that builds competency and confidence in Métis education. Together, we will explore and examine the narrative of historical and contemporary issues that have influenced who we are as a people. Learning about the strong, diverse Métis Nation will benefit all students.

When We Know More We Do Better (TQS/LQS)

Together we will address the current Alberta mandate to meet TQS/LQS competencies. Participants will have the opportunity to dig deeper into the Alberta Teacher Quality Standard (TQS) and/or the Alberta Leadership Quality Standard (LQS) while exploring authentic Métis education resources. This professional learning opportunity will allow schools to showcase what they are already doing and make plans for, “What’s next?”

Métis Literature, Creating Cross-Curricular Activities

Choosing quality, authentic Métis literature is an important consideration for all educators when using stories to teach. How can literature be used to teach cross-curricular outcomes? How can literature be used as a springboard to teach project-based learning?

Exploring Authentic Métis Resources

This session is designed for participants to explore several authentic recommended resources that help to create teachable moments and provide meaningful learning opportunities. Together we will explore online resources to create meaningful lessons, engaging activities, and develop professional development appropriate for staff and parents.

One Size Does Not Fit All – What Do You Need?

Rupertsland Centre for Teaching & Learning (RCTL) understands that each region/school/district is unique. We understand that your needs may differ to deliver the best for your students and staff. Please contact us and we will design an exclusive professional learning session tailored for your staff.

RCTL Train the Trainer

This training is for Métis educators who are citizens of the Métis Nation of Alberta and are interested in becoming RCTL Professional Learning Facilitators. Our robust online course empowers educators to meet the increasing demand for information in K-12 Métis Education.

To request a presentation please email: education@rupertsland.org

Please book at least 4-6 weeks in advance. Rupertsland Institute does not currently charge for professional development. We are providing this support to Alberta educators through a grant in partnership with Alberta Education (2018-2021).
