

### Feedback & Photos from Parents/Guardians:

- I just wanted to say thank you so much for everything and for the amazing experience. I wish the boys could do the August session but doesn't work for their schedule. Hopefully we can rejoin in the future.
- Thank you for a wonderful program
- Thank you. We all enjoyed your program
- He had the best time and we have done the rest of the crafts for both kids and they loved it. Thanks so much and we hope to join in more classes and the RECC room :)
- Yay so glad you guys are gonna run another program! Piper will be pumped.
- I would be interested in future programs for my children. Thank you once again.
- Thank you so much for these classes. Oleva looks forward to them! I hope there will be opportunity for more connection time for the students in upcoming programs.
- WOW!!! SO generous! Oleva received her prize, and we are so grateful!
- Both Lucy and Myron loved the canoe craft. They made multiple canoes with the supplies provided and some others they gathered around the home. They tested them in the sink, tub and I think they made a "current" in the garden to test them also. Thanks for this program, they are having a blast!
- Good Afternoon Stephanie, Koston received his mystery mail today! He was so excited to open it. Thank you for the movie passes! You are doing an amazing job each week keeping the kids engaged. Thank you for teaching them about our culture ❤️
- Thank you so much Stephanie, she loved this project, and I can see her making more just for fun. She added some feathers she found on our property as well.
- It's so cute. K and L have been running to the mailbox every day after school.
- We really appreciate your time and effort bringing the children together to strengthen the Metis community.
- I'm wondering and hoping if there will be an opportunity, post pandemic, for the children to regularly come together in-person? Perhaps an entire school year commitment might be too much, but an 8-week program in jigging, or beading, etc would be awesome!
- She really enjoys these connection times and would favour doing the crafts together online.
- I really appreciate you taking time out of your day to catch up with Hunter! Thanks so much.
- Stephanie, Thank you so much for this program. I also wanted to write to let you know that Billy had a homework assignment this weekend from school to "record his talent". Without prompting he said, "I'm pretty good at the Metis jig"... (he's not hahaha..., but he was in the Metis frame of mind). Too cute, and too cool.
- We just receive the art package...wow!! So generous, she was over the moon.
