# LORNE

*Gladu*

Lorne Gladu is the founding CEO of Rupertsland Institute. He emphasizes the importance of post-secondary education in empowering Métis individuals and has established numerous endowments and funding agreements to support Métis scholars. He has been honoured for his contributions to education, including receiving three honorary doctorates and an Indspire award for the work in Métis education. A visionary advocate, Lorne is dedicated to advancing opportunities for Métis learners.

**“For Métis communities to prosper, we need to equip Métis people with the skills and insights that come from post-secondary education...The benefits of a good education spreads through the community, and our students’ demonstration of leadership and excellence are a testament to all Métis people in this province.”**
